

District Grant Report

Rotary Club: Rotary Club of Laguna Niguel

Project Title: Children's Dental Clinic

☐ Progress Report

☒ Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

A free dental clinic was held on November 19, 2016 at Laguna Hills Middle School for school-age children residing in Laguna Niguel and the surrounding local community. The purpose of the dental clinic was to provide dental services to children who do not have dental insurance and cannot afford dental care. Dental services provided included x-rays, cleanings, fillings and extractions. This is a valuable service and was well received by the community. For many low income families, seeing a dentist is a luxury that they cannot afford.

It should be noted that a total of 83 patients were seen and treated by the attending dentists. The total value of dental services provided was \$41,190. The dental clinic was well received by the community and was a very successful Club project.

2. How many Rotarians participated in the project?

Approximately 14 volunteers assisted directly with the event. Two of the volunteers are practicing dentists who are also members of the Club.

3. What did they do? Please give at least two examples.

Rotarians assisted the children completing the necessary forms and paperwork required before seeing a dentist. Two of the club members are dentists and they both participated in the event. Other Rotarians were involved in food service and made sure that the dentists attending the event had breakfast, beverages and lunch. Finally, other Rotarians circulated the event to make sure that things were running smoothly.

4. How many non-Rotarians benefited from this project?

Our Club has approximately 45 members. All of our Club members benefit because we are all interested in serving the local community. We are all aware of how important good health is to children and we want to provide them with every opportunity to be happy and successful in life.

5. What are the expected long-term community impacts of the project?

Awareness of the fine work our Rotary Club is doing in the community. Spreading the word helps to promote our organization and grow our membership. An increase in membership leads to providing additional community service opportunities for the Club.

6. If a cooperating organization was involved, what was its role?

In addition to the services provided by our two dentists who are Rotarians, AYUDA International, a nonprofit organization providing oral healthcare, also assisted in accommodating the number of children requesting care.

Financial Report – Be sure that Income equals Expenditures!

7. Income

Amount

1. District Grant funds approved by the District	\$1,800.00
2. Club contribution	2,317.93
3. Other funding (specify)	
Total Project Income	\$4,117.93

8. Expenditures - please be specific and add lines as needed - receipts must be attached

1. AYUDA International	\$3,000.00
