

Villa Park Rotary Club

PROJECT TITLE-

“ORANGEWOOD CHILDREN’S PROJECT”

Goal

To participate in an activity to improve the quality of life in the Rotarian community, with particular emphasis on improving the quality of life for children in our community who have been neglected, abused or abandoned.

Background

The target beneficiaries of the grant are the children at the Orangewood Children and Family Center (OCFC).

OCFC is a 24-hour care facility, which presently house 85 children (from newborn through age 18), but provides refuge each year for over 1,000 children who have been removed from their caretakers by police officers or child protective services workers and placed into protective custody.

Though an emergency care facility, Orangewood has also created *child development programs* to give children an educational head start. OCFC staff and community volunteers provide specialty lessons in, among many others, fitness and nutritional cooking. Approximately one year ago, an OCFC benefactor donated a kitchen at the OCFC site. This kitchen facility includes a stove, a refrigerator, ovens, sinks, cabinets, and a pantry. However, the new kitchen, though fully functional, remains largely unusable due to lack of cooking supplies and appliances. Thus, the project involves the purchase of kitchen equipment so as to fully utilize existing kitchen facilities and teach valuable life skills to the wards of OCFC

In addition, though the OCFC facility is equipped with volleyball courts and other recreational facilities. However, OCFC does not have sufficient equipment to utilize those facilities. As such, the proposal seeks to fund the purchase of necessary recreational equipment to properly maximize use of those facilities.

Proposal

To sponsor a community service grant to provide cooking and other kitchen equipment, as well as recreational equipment, to OCFC to assist in the ongoing education and advancement of the children of Orangewood Children’s House.

Due to anticipated “wear and tear” that such equipment will endure, it is recommended that, where possible, commercial grade equipment should be purchased and utilized.

Additional Rotarian participation is anticipated in the future. VPRC this April sponsored a Spring Carnival for all the OCFC children. VPRC participation was substantial, and the reactions and feedback from Staff and the children was overwhelmingly positive. By providing equipment for the kitchen VPRC Rotarians are and will be encouraged to provide further volunteer efforts on-site. VPRC has a number of members involved in the food service and food science fields, and their involvement in specific has been solicited.

Project Leader has worked directly with the Recreation Department Director at OCFC to ascertain bare-minimum requirements for being able to stage nutritional cooking clinics for the children at OCFC. She has also provided additional information regarding indoor and outdoor activities and the needs of OCFC in that regard. Thus, the list of proposed items for purchase has been developed in close communication with the end-users' benefits in mind.

Cost(s)

Total amount-**\$4,798.29**, broken down as follows:

A. Kitchen Equipment¹

1. KitchenAid Countertop Mixers (\$350/ea.) (\$700.00 total)
<http://www.webstaurantstore.com/kitchenaid-ksm150pstg-tangerine-artisan-series-5-qt-countertop-mixer/519KSM150TG.html>
2. Five (5) 18" x 24" x 1/2" Yellow Cutting Board (\$17.50 ea.) (\$87.50 total)
