Brief Project Description:

Field trips at Sea Base in Newport for up to 5 classes from 4 Santa Ana Grade Schools, about 300 students. Students, Rotarians and Teachers will spend the day learning about Water cycle from rain to garden and bay. They learn how to build a sail boat and which sails work better under different conditions. They examined specimens from Bay mud for Bay and Sea Creatures and plants etc. It is a great learning and hands on work experience for all. Teachers and Rotarians assist with all aspects of the day,s activities. This is a continuation of Project p-1294 and earlier. The club pays for transportation and fees for all students.

1. Project Start and Ending Dates:

(Projects may not begin prior to the District receiving approval from TRF. Reimbursements for earlier expenses are not eligible. Projects must be completed by the end of each Rotary year.)

2. Project Location: Community International

(If the project is international, will there be a Rotary club from the other country involved? If so, explain how they will participate.)
