**ROTARY CLUB OF LOS ALAMITOS/SEAL BEACH**  
2017/2018 District 5320 Matching Grant Program  
Community Outreach Initiative

**OVERVIEW**

The Service Area of the Rotary Club of Los Alamitos/Seal Beach has a total population of less than 50,000 and is home to over 360 nonprofit organizations, the highest per capita ratio in Orange County

The Rotary Club of Los Alamitos/Seal Beach has a long and proud history of working with and through our nonprofit agencies and this *Community Outreach Initiative* expands on that tradition.

We have selected three nonprofit organizations that will benefit from this initiative. The narrative that follows provides a brief description of the proposed projects.

**Summer Harvest**

This organization exists for the sole purpose of providing food and other resources to children and families enrolled in the Free/Reduced Lunch Program when school is not in session. Children on the Free/Reduced Lunch Program are from the poorest of the community and must show proof of need.

[www.summerharvest.us](http://www.summerharvest.us)

*Grant Funding:* Up to \$3,000 for the purchase up to 600 school backpacks which will contain generic school supplies provided by Summer Harvest.

*Club Participation:* Club members will assist with the filling each backpack with the school supplies and distributing them to the students. Each backpack will contain a card indicating that it was made possible, in part, by a grant from the Rotary Foundation of Rotary International.

*Impact:* 600 children will begin the school year with a backpack and school supplies thus allowing the family to provide other resources to their children.

**Precious Life Shelter**

This organization serves pregnant women who are homeless. Services offered are wide-ranging and include housing, healthcare, education, accountability and transitional services. Precious Life Shelter is in the final stages of building permanent housing for alumni of the program. [www.preciousliveshelter.org](http://www.preciousliveshelter.org)

*Grant Funding:* Up to \$650 for the purchase of two (2) 30-gallon trees for planting along the parkway of the new Permanent Housing facility.

*Club Participation:* Club membership will assist in the actual planting of the trees and a plaque will be installed indicating that the trees were made possible, in part, by a grant from the Rotary Foundation of Rotary International.

*Impact:* Purchase of the trees will free-up resources that can be used for direct services to the women and children served by Precious Life Shelter.

**The Youth Center**

The Youth Center was established in 1952 and provides a wide array of after school and summer activities for young people; it is totally dependent on resources provided by the community.

[www.theyouthcenter.org](http://www.theyouthcenter.org)

*Grant Funding:* Up to \$550 for the purchase of a high-quality portable basketball system that will expand activities available to the children served by the Youth Center.

*Club Participation:* Club membership will assist with the assembly and positioning of the basketball system and participate in a ribbon cutting ceremony. The basketball system will contain an appropriate acknowledgement that it was made possible, in part, by a grant from the Rotary Foundation of Rotary International.

*Impact:* The 150 children who attend afterschool activities at the Youth Center will have access to the new equipment.
