Yes, absolutely. The organizations I list will benefit by receiving books the books we purchase. We will only be buying books with the funds we are requesting.

Thanks for asking! Willetta

Good afternoon, Willetta,

As your Club's project is going through review, a question came up. Are the funds to be used for purchase of materials (e.g., books)? In your budget, you list organizations rather than items which are to be purchased. Can you help clarify?

Thank you!

Stacey
