

## District Grant Report

Rotary Club: Villa Park

Project Title: VPE School Yard Renovation

☐ Progress Report ☒ Final Report

- Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?  
The soccer goals and nets were in disrepair at Villa Park Elementary School. We used the funds to purchase new goals and nets, along with wheels, so that the goals could easily be moved for field maintenance. The beneficiaries were the 600+ students this year and the equipment will last for many school years to come.
- How many Rotarians participated in the project?  
Five Rotarians participated.
- What did they do? Please give at least two examples.  
They helped communicate with the school board and district, and with the assembly of the goals & nets.
- How many non-Rotarians benefited from this project?  
600+ students this year and for years to come.
- What are the expected long-term community impacts of the project?  
With the students having been affected socially due to the shut down, these goals will help provide them with much needed outdoor activity, social interaction, competition, and team building. This will help them long-term by improving their mental and physical health.
- If a cooperating organization was involved, what was its role?  
N/A
