

District Grant Report

Rotary Club: Fullerton Sunrise Rotary (FSR)

Project Title: From Abode to Home

☐ Progress Report ☒ Final Report

1. **Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?** Funds supported the Stepping Stones Program of Crittenton Services for Children and Families in Fullerton which places transitionally aged youth into housing and supports them as they attain skills for independent living. Items such as furniture, lamps, decorative items, kitchen goods, bedding, hygiene products and cleaning supplies were purchased and placed in an apartment to allow these youth to live responsibly as they work toward their future in the community.

2. **How many Rotarians participated in the project?** (Usually 3 – 4 Rotarians) 3 hours ea. x 3 Rotarians = 9 man hours total to place items under #1 in an apartment which is a home to youth aging out of foster care. In this case, the apartment was located quickly and had to be furnished before FSR could get involved. Additionally, the young adult's privacy is important and once they moved in, we could not get pictures of any installation of purchased items but had Crittenton obtain pictures for us.

3. **What did they do? Please give at least two examples.**

Last time when time permitted, we unwrapped all purchased items and placed them in their proper place. Hung pictures; placed bedding and covers in the bedroom; placed area rugs where they belong; placed all kitchen items in their place; placed all toiletries in their place. This would have been the same action on our behalf had time permitted.

4. **How many non-Rotarians benefited from this project?** In total, four youth. Each apartment has two youths in it. The items we supplied were used in two locations.

5. **What are the expected long-term community impacts of the project?** The apartments give these young adults a place they can call their home as they work to become a part of the community. They receive the best start in their life to impact their lives and others.

6. If a cooperating organization was involved, what was its role?
