

Dear Little Elm Rotary Club,

On behalf of St. Arbor Community Garden, thank you for your generous donation of \$2,100 on April 3, 2025. Your support continues to plant seeds of hope—both literally and figuratively—throughout our community.

As you know, St. Arbor is dedicated to growing fresh, organic fruits and vegetables that complement the shelf-stable items distributed through local food banks and hunger relief organizations. Since our inception, we've proudly grown and given away nearly 10,000 pounds of fresh produce.

Fueled by a desire to do even more, we've launched our Tiny Food Pantry—a new initiative right at the garden to help meet immediate needs of volunteers and neighbors alike. Your donation will directly support this effort, as well as expand our capacity to host community engagement events and provide healthier food options to the most underserved residents in Denton and Collin Counties.

When we invest in the well-being of our neighbors, we all grow. Not just in pounds harvested, but in relationships, compassion, and shared humanity. Thank you for standing with us and for helping us cultivate change.

With deepest gratitude,

A handwritten signature in dark ink that reads "Michel Hambrick". The signature is fluid and cursive, with the first letter of each word being capitalized and prominent.
