

NOTE TO FILE – DDF ADJUSTMENT FOR DISTRICT 5320 2025-26 DISTRICT GRANTS

Date: September 2, 2025

Club Name: Norwalk/Santa Fe Springs

Project #: P-5728

Project Title: RYLA 2026

On July 18, 2025, District Governor Craig Livingston and District Foundation Chair Cisca Stellhorn provided an updated DDF list based on the funding available from The Rotary Foundation, which differed from the District's original estimate.

To manage this, rather than asking each club to resubmit their project, it was determined that the District Grants Chair (Gillian Bradshaw) (with input from each club) would upload a Note to File on the Documents tab for each project, providing the new DDF, club contribution, and total project cost.

For Norwalk/Santa Fe Springs, the updated DDF (total for all projects) is \$1,365. This project's funding has been adjusted as follows:

DDF: \$1,365

Club Contribution: \$5,835

Total Project Cost: \$7,200

Gillian Bradshaw
District Grants Chair, District 5320
