**1. Please provide a brief description of the project, and indicate the project beneficiaries (who is being served?):**

Under Wound Walk, and our partnership with Lestonnac Free Clinic, EMTS, volunteer medical providers, and nurses provide patient care in homeless encampments and other outside locales to provide care for individuals unable or unwilling to be seen in a traditional clinic setting. People experiencing homelessness face barriers to treatment that include lack of funding, lack of transportation, fear of losing possessions and stigma-impacted treatment if they seek treatment away from their "home". Woundwalk overcomes these barriers and ensures that care is provided where the patient is comfortable and receptive to appropriate care.

Comfort care supplies will be used by the Woundwalk medical team to help develop rapport and trust with unhoused community members.
