Dear East Yonkers Rotary Club.

My name is Cristel Reyes Hernandez. I am a 5th grade bilingual student at Enrico Fermi School. I was so thrilled to receive the dictionary you gifted us. It means a lot to me and my classmates that you thought of us. I will use the dictionary at home to do my homework and to practice learning English words. It's going to be a big help in improving my language skills.

Thank you for your generous support. It inspires me to know that people in my community wish me success in my studies.

With gratitude,

Cristel Reyes Hernandez
