

District Grant Report

Rotary Club: Brea

Project Title: VIDEO AND RADIO ACADEMY AT THE BREa BOYS AND GIRLS CLUB

☐ Progress Report ☒ Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

The Club Video and Radio Academy (CVRA) at the Boys & Girls Club of Brea has established a lab and studio setting that accommodates a multimedia development environment where both children and teens perform age appropriate grade level instruction with state of the art hardware/software with instructors and multi-media interns. The program is teaching video and audio production, photography, and graphic design while encouraging creative expression, and use of digital tools and professional software to create and edit footage, recordings and photos. The CVRA will result in the creation of both studio and "mobile" lab that can be used throughout the community. Club youth are able to use their equipment for a variety of community projects to showcase their Club's community outreach and community service projects in Brea, including a couple promotional videos for the Brea Rotary Club.

2. How many Rotarians participated in the project? 7 Rotarians

3. What did they do? Please give at least two examples. Brea Rotarians assisted in planning & interviewing for 2 PR videos for the Rotary Club.

4. How many non-Rotarians benefited from this project?

200 kids, each & every year, now have a state of the art facility to learn the skills necessary for video production

5. What are the expected long-term community impacts of the project?

The equipment provided to the Boys & Girls Club will be used to help club kids learn many different multimedia skills which could help them in high school, college & future employment

6. If a cooperating organization was involved, what was its role?

Only the Boys & Girls Club kids & Brea Rotary members were involved in this project

Financial Report – Be sure that Income equals Expenditures!

7. Income

	Amount
