Project Justification and Beneficiaries

San Rafael Educational Institution

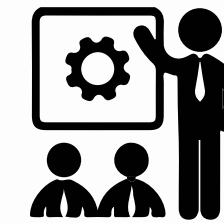

Situation

- Lack of access to office tools and facilities with access to information technologies.
- The students of the Institution do not have office automation educational resources in quantity and quality that help them to face their activities and academic obligations.

Situation

- There is no structured program for preparing for Knowledge tests.
- The percentage of students from Colegio San Rafael who access Higher Education is less than 30%.
- The minimum score for admission to the University of La Guajira is 270 and the weighted average of the students of Colegio San Rafael is 216

Beneficiaries

- 1200 students - Interactive classrooms
- Approximately 300 students from ninth to eleventh grade - Reinforcement program for the Icfes Test.

Project Description

01

Provide 2 interactive classrooms/technological Lab

02

Provide computer equipment, software, desks, chairs, air conditioning, interactive whiteboards, giant screens and teaching materials for the interactive classrooms

03

Implement a solid reinforcement program for the Icfes Test, integrating teachers, directors and external experts. It is planned to carry out training for the teachers in charge of the facilities and equipment

04

Sustainability : Conjunction with the teaching staff, and the municipal authorities represented by the Education Secretary of the Municipality of Albania. Other programs in San Rafael Educational Institution : Colegio Albania Volunteering and the infrastructure improvement program carried out by Carbones del Cerrejon contractors
