OBJECTIVES OF THE PROJECT:

1. General objective (10 lines maximum)

To condition technological spaces for the training of people with disabilities in order to incorporate them into the work, social and family environment belonging to the municipality of Yumbo, Valle del Cauca.

PROJECT DESCRIPTION: (15 lines maximum)

The project consists of comprehensively training people with disabilities in technological matters, enabling social, family and work inclusion and competitiveness, which will reduce the risk of exclusion and vulnerability of the rights of people with disabilities in the Municipality of Yumbo, Valle del Cauca.

PLEASE DESCRIBE WHAT NEEDS YOU IDENTIFIED? HOW WILL THE PROJECT ADDRESS THESE NEEDS? WHO WILL BENEFICIARY OF THIS PROJECT? MENTION AN ESTIMATED NUMBER OF BENEFICIARIES. (15 lines maximum)

Identified Needs:

The care provided at the Comprehensive Center for the Development of the Disabled in Yumbo - CIDDY, has made it possible to see the need to strengthen knowledge in the management of technology and ICTs, since through these tools it is possible to find work; taking into account that we are in the era of co-working, e-commerce, among other services offered through the Internet, work fields that are favorable for people with disabilities, their caregivers, making it possible to work from their own environments. The needs to be addressed will be training, updating and job insertion of people with disabilities and/or caregivers, through a systems room that provides fifty (50) computer equipment, which will be oriented in the training described above, through expert instructors or facilitators with a differential approach who will be articulated through allied entities such as the Municipal Institute of Education for Work of Yumbo - IMETY or SENA.

The adapted vehicle that is needed, will be definitively a must, since some of them lack mobility in their extremities and to get to the facilities is very challenging due to the hills and roadways

The beneficiaries will be people with disabilities mainly, however, it is possible that caregivers can also be involved.

The impact is visualized for one hundred (100) people with disabilities. Yumbo have more than 7.500 citizen with disabilities.

SUSTAINABILITY: (Explain how the project will continue to operate once the financial support you receive for this project ends)

The CIDDY Comprehensive Center operates with the support of the municipal administration of Yumbo through the Secretariat of Social Welfare and Participation, which has specialized professionals in the areas of Psychology, Social Work, Physiotherapy and Sports, and also has the articulation of the institutional offer of IMETY and SENA for the training of People with Disabilities and their caregivers. The donated equipment and furniture will be guaranteed to remain on site, receiving maintenance, so that they can serve future generations.

IS THE COMMUNITY INVOLVED? DESCRIBE THE ROLE OF THE LOCAL COMMUNITY IN THE IMPLEMENTATION AND CONTINUITY OF THE PROJECT.

The population with disabilities is a human social fabric that has managed to gain participation at a social level in different spaces such as the Community Action Boards and the Local Administrative Boards. Within the same population, valuable leaders have been identified who participate politically and socially in their community, social, cultural, work and sports environments mainly.

Thanks to your support, our center will help the community by solving its most important needs. We appreciate the analysis of this project. For more information, contact:
